Pittsburg State University-School of Construction
AM Session Room S-110 / PM Session Room W-108
909 East Ford Street, Pittsburg, KS 66762

Thursday, September 16, 2021

Concrete Materials Company
2060 East Tulsa Street
Wichita, KS 67216

Join the Kansas Aggregate Producers Association – Kansas Ready Mixed Concrete Association for our September Concrete Forum educational series. Our industry expert will provide the latest, state of the practice information. William “Rusty” Owings III, AIA, Manager, Resource Center with the American Concrete Institute will present a discussion of plastic and hardened concrete test procedures that are performed in the laboratory and on the job site. A focus on proper procedures, best practices, and new technologies and how to apply these for success. A laboratory tour will be included after the lunch break to provide an opportunity to see some of the equipment and discuss the procedures in more detail.
